

## Press Release

# ASF Intermodal to Expand Operations at Mobile Aeroplex at Brookley

*MAA Announces Another Transportation Tenant To Expand*

**July, 2016...Mobile, AL:** (MAA) The Mobile Airport Authority is excited to announce ASF Intermodal (ASF) will be expanding its operations at Mobile Aeroplex at Brookley. They will be relocating to a larger newly renovated facility on Perimeter Road, allowing them space for future growth.

ASF Intermodal is a Mobile, Alabama based full-service intermodal drayage carrier and full transportation broker. ASF Intermodal provides port and inland drayage focusing on safety, service, and excellence. They know the importance of a low cost approach while maintaining integrity and trust.

ASF Intermodal strives to be the company of choice for intermodal drayage by fostering a collaborative environment of partnerships, teamwork, and creativity. Their goal is to consistently deliver a competitive advantage to its customers through innovative and customized solutions, which adds value and sets them apart from their competitors.

"This project was a derivative of a larger, approximately 20 - acre, redevelopment involving five tenants. We were able to work in collaboration with each company to turn growing pains into new opportunities. The ASF project partnership was very important to us as they are a long standing member of our diverse logistical capabilities. We are proud to help a company like ASF grow. What a gracious team of professionals and we appreciate them growing with us" stated Roger Wehner, Executive Director of the Mobile Airport Authority. "Our evolution over the last few years and the capability to collaborate, redevelop and deliver high quality solutions is part of our formula when

competing in the global aerospace market, for example at the Farnborough Airshow."

"We appreciate the relationship we've developed with MAA over the past 5 years." stated Michael Smith, President, ASF Intermodal LLC, "The Mobile Airport Authority has been a great partner for our continued growth in Mobile. We're very excited about our new facility. MAA did a first class job on the new building and we couldn't be more pleased."

### **About Mobile Airport Authority**

*Established in 1980, The Mobile Airport Authority (MAA) operates the Mobile Regional Airport, a 3,000-acre commercial airport and industrial complex, the Mobile Aeroplex at Brookley and the adjacent Mobile Downtown Airport, a combined 1,700-acre complex. The Airport Authority is self-sustaining and does not receive any operational funding from taxpayers. The Aeroplex offers compelling land, sea, air and ground logistical solutions. It has long been home to several MRO operations and FAA Part 145 repair stations. FEDEX, Continental Motors, VT MAE, Star Aviation and Aerostar all call the Aeroplex home employing over 2,000 people. Most recently, Airbus chose Mobile and MAA's Mobile Aeroplex as its first final assembly line in North America. The \$600 million dollar facility produces the A320 family of aircraft. The complex is now home to many of the world's leading aerospace suppliers and growing daily. The airport authority has a broad spectrum of turnkey solutions from single office common use services, to build-to-suit lease back programs.*
