

Check-In & Landing Fees

Introduction

The Mobile Airport Authority is committed to providing a safe, seamless, and efficient aviation experience for all airport users. To support this commitment, effective May 1, 2025, check-in is required of all transient operators. Additionally, landing fees will be charged to transient operators, with certain exemptions outlined below. Landing fees will be assessed at the time of arrival and billed by Altaport Inc. To help you plan your trip, we have outlined the airport check-in process and fees below.

Check-In

All transient aircraft are required to check-in upon arrival. Check-in is completed through Altaport, accessible via the QR codes posted throughout the airport, or at altaport.info/a/kbfm.

Fees

Landing fees are assessed to all transient aircraft at the following rates:

Mobile Regional Airport (MOB): \$2.22 per 1,000 lbs MTOW or fraction thereof.
